Colour			
R7037 RAL 7037 dust grey			

Planning

Drilling distance BA

N° XX	Number of the angled application
XX	Drilling distance BA (mm)

Assembly position and number required

BLUMOTION 970A is for location on the hinge side, and guarantees perfect motion even for angled hinges. The hole for BLUMOTION 970A needs to be drilled into the cabinet top. The correct position is set using the drilling distance (BA). If the BLUMOTION effect is insufficient, we recommend installing an additional BLUMOTION 970A in the bottom.
